

Are y'll ready to race? Diamond Don is adding something new to Diamond Don's 8th Annual National Vintage Motocross in Jefferson Texas, April 16-18, 2010. [Thank you, Roy Jenkins of 2wheelcommunications, for this great idea].

The weather is beautiful and the track is fine!! Gather your team together to compete for the **Diamond Cup National Shoot-Out Award**. This award is an antique spittoon hand-painted by a local Jefferson artist.

You will want to represent your state in competing for this First Annual Perpetual Award.

The rules are simple:

For every rider from your state, the state will receive points for each first, second and third place trophy won in the three day's events (trials, cross country, VMX, PMX). The first place will be 3 points, second place, 2 points and third place, 1 point.

At the end of the event on Sunday, the state that has the most points will become the Diamond Cup National Champion. Of course, the cup stays with Diamond but your state's name will be inscribed as the 2010 winner. And we will repeat the Shoot-Out next year, and the year after that, and the year after that.

Diamond Don will donate \$500 to the AHRMA Regional that is represented by the state winner.

So forward this to your friends, gather up all your teammates, put your race face on and let the wars begin!

See you at the races!
